Promotions in the Commissioned ranks of the I.S.Regiment.

I submit herewith the 2 statements asked for by your Private Secretary showing the vacancies for the past 12 months and how they have been filled.

Also the Chief Commandant's proposals for filling existing vacancies.

With reference to your endorsement on my previous note, I see you have not understood what I meant to express.

I said that Captn Mahomed Beg was a smart Native Officer and had served under me in my Regiment. But that I considered some of our own Mysore Officers were quite as good.

I then said I would prefer to put in Command of the I.S. Transport Resaldar Chunder Rao Pananavray to a man straight from the Madras Lancers where he has never had any independent Command whatever.

I did not say that I wished to recommend Resaldar Chunder Rao Pananavray for the appointment

I do not think he would care to go to the Transport from the

His Highness the Maharaja directs that Captain Mohamed Beg can be given the command of the Transport Corps. When this was mentioned to H.H. he thought Chandra Rao Squadron Commander Resaldar might be appointed Transport Commandant Captain Mohamed Beg being made the senior in command of the Imp Service Regiment in the place of Chandra Rao. This may be communicated to the Chief Commdt and his opinion submitted for the consideration of His Highness - Chief Commdt's D.O.* is filed with these papers.

I submit Chief Commandant's letter Nos 3049, 3050, 3112 & 3111 dated 9th and 15th June 1905 forwarding rolls for promo-tions in the Commissioned ranks of the Imperial Service Regiment

The promotions recommended are approved by the Inspecting Officer. They may therefore be sanctioned.

But this Transport Corps was certain to be used on the very next occasion Indian Troops were engaged in a Campaign and it should be therefore rendered as efficient and worthy of Mysore as we could make it.

On it would depend the view the Viceroy would take of our Forces and I thought we ought not to permit anything to stand in the way of giving it our best both in personnel and equipment.

As soon as I can see any one of younger Native Officers with the necessary technical grip of things I would be glad to put him in as 2nd in Command

Jemadar Theyagaraj who is leaving for the I.S.Lancers seems to me the only promising one we have at present.

Unfortunately owing to his having private means he is rather inclined to be careless, But he has a certain amount of self--reliance and Common-sense of the sort required.

I asked Colonel Desaraj to name any Native gentleman who he thought could properly super-vise the blacksmiths and sad--dlers and at the same time be fitted from his knowledge of horses etc for Command of a Corps of this description.

He said he would think over

the Cavalry or leave a Corps with which his family has been associated for so many years.

I wish to recommend Mr Tate for the appointment of the Com--mandant of the Corps as I think the position requires some one of sufficient general education to be able to supervise and cor--rect the Mechanics engaged in the repair and construction of the various parts of equipment.

Colonel Desaraj Urs whom I consulted as Chief Commandant approved of Mr Tate as Commandant but did not approve of my sugges--tion of Mr Simpson as 2nd in Command.

He said he wished a Native gentleman made 2nd in Command.

I replied that Mr Tate's age would preclude him from being Commandant for very long. And I thought that in two or three years time Mr Simpson would make an excellent Officer Commanding.

He possesses a quite suffi--cient general knowledge of mecha--nics, He is of course above most O.Cs in his Veterinary and shoe--ing knowledge, and has had a good deal of practice in an independent position and in keeping accounts.

I told Colonel Desaraj Urs I held no brief for the employ--ment of Europeans if suitable Native Officers could be found.

C

Submitted to His Highness.

These babies are the result of an enquiry made by His Highness in his Pte Secy's note of 27th July in reply to a letter from me of 24th ^ asking whether it would be acceptable to H.H. if a recommendation for direct commn was made in favour of one Ameer Ali a nephew of Subadar Major Sirdar Khan C.I.E. I had another occasion to discuss the matter with Desaraj Jars and he is quite keen about admitting this gentleman to a Cavalry ~~unit~~ Orders may therefore be passed by His Highness about him.

B

Regd the appts and promotions made during the year 1904-5 entries in 1 & 2 of the enclosed statement gives all the information. These were submitted to His Highness and sanctioned by him on the 25th May 1905

A

There are other arrangements recommended as described in the continuation of the same statement and these may be sanctioned.

Both Col Jones & Col Desarge are not in favour of Captain Mahomed's employment. Under the circs I do not wish to press his appointment tho he appears to me to be a fine specimen of an officer who has seen hard service in a British regiment. His Highness may have such orders about him as to him may seem most proper.

Regarding the command of the Imperial Transport Corps there is another recommendation by Col Jones about Mr Faith viz. that he may have the Consul and Mahomed to ascertain positively whether Col Jones wants Mr Faith who raised in his present position with increase of pay or prefers him for Command of the Transport Corps that matter will be submitted to His Highness separately.

1.IX.05

over the matter. I have not sinee had an opportunity of discussing the question with him. His argu--ment was merely that it would look bad having both the 1st and 2nd in Command Europeans to which I of course replied that I was not so much concerned with appearances as efficiency of the Corps and if he could produce an efficient person that was all we wanted.

I said I thought it would be a thousand pities to spoil what promises to be a very fine Corps merely because the most suitable persons for the appointments of Commandant and 2nd in Command temporarily happened to be Europeans

At any rate I cannot see any objection to Mr Tate* and Mr Simpson being employed until such time as our junior ranks are fitted to take their places and I think if any Native Officers are chosen the claims of our Division Commanders who have already served some time with the Corps might be considered.

However the matter is one for His Highness to decide.

* Both Officers have been through a Transport Class.

As regards the proposal to transfer A.T.Theagaraja to the regiment I should like to have full details as to his claims to be posted to the Regt, and as to his family, social position and education. The present opportunity may be taken to consider the claims of Police Inspr Sirajuddin Mahmud. His family and personal qualifications are of the best and he is likely in my opinion to make a smart cavalry officer.

My dear Colonel

When are promotions to commissioned ranks in the 17th Lancers to appear in Gazette. I believe there are four or six names. My object in inquiring is that the Regiment should now be commencing squadron training, but this cannot be done with six officers short of strength - as the officers promoted must be detailed to their squadrons
